INVESTIGATOR'S INTRODUCTION AND STATEMENT OF INFORMED CONSENT

My name is _____ and I've come from the Centre for the Study of Developing Societies or CSDS, a social science research organization based in Delhi (also give your University's reference). We are conducting a national survey related to the Lok Sabha elections to find out people's opinions on voting, politics, government, economy and society. For this purpose we are interviewing thousands of people across the country. Every person over the age of 18 has an equal chance of being included in this study. You have been selected by chance. There is no risk and also no benefit in participating in this survey and your participation is voluntary. But if you answer our questions, you will help us in understanding how the public feels about issues facing the country today. This survey is an independent study and is not linked to any political party or government agency. Whatever information you provide will be kept strictly confidential. The findings of this survey will be used for TV programmes and writing articles in newspapers. It usually takes about 40-45 minutes to complete this interview. Please spare some time and help me in successfully completing the survey.

IMPORTANT INSTRUCTIONS FOR THE FI

- Proceed with the interview only after consent is given by the respondent.
- All questions must be asked & all answers must be encircled (if ques. is close-ended) or noted down (if ques. is open-ended).
- Do not change the wording of any question; ask them as given.
- Do not change the order of questions. Follow the order and ask questions in the same sequence as provided below.
- Coding of responses is to be done in the boxes given on the left hand side. Do not do the coding while interview is on. Do it later.
- While asking a question, do not read out options such as 'No response' (NR), 'Don't know', (DK) 'Can't say' (CS) & 'Not applicable' (NA).
- All italicized instructions in brackets are for you, i.e. the field investigator. They are not to be read out to the respondent.
